Comptia A+ Certification: Practical Application (220-702), 2009 Edition, Revised + Certblaster (ILT)

This ILT Series course will prepare students for the CompTIA A+ Practical Application certification exam (2009 Objectives). Students will learn how to support PC hardware in a business setting, including installation, troubleshooting, component replacement, networking, and security. Students will also learn to manage the Windows operating system. The target student for this course is responsible for maintaining PCs in their workplace, and has already completed the CompTIA A+ Certification: Essentials course (or has equivalent experience). Course manual comes with CertBlaster exam prep software (download).
