Fractal Dimensions: The Digital Art of Eric Hammel, Volume 1 Eric Hammel

The concept behind *fractal geometry* is extremely difficult to explain . . . but easy to see and enjoy. Eric Hammel, a professional author of military history books, is unable to explain fractals in a way that will be clear to anyone else, but most *mathematicians* can't explain fractals in language most people can understand. The simplest explanation is that fractals are graphic representations of high-order mathematical formulas that repeat patterns to infinity.

Don't get hung up on the math. It's really all in the *seeing*. Volume 1 of Eric Hammel's *Fractal Dimensions* is filled with one hundred examples representing many types of fractals. The differences between and among fractal artists using the same array of fractal-generating software is the same as the differences between and among all portrait artists or between and among all landscape artists using oil paint, chalk, watercolors, charcoal, even fingers. It all comes down to the unique mind's eye the artist brings to the game and what he does to improve or transform the art once the fractal-generating software has been sufficiently exploited. For all that, all a lay person really needs to appreciate fractals in their infinite varieties is a collection of fractal art to peruse, to get lost in for awhile, and their own preferences for art. No two fractal artists will see or exploit the same fractal formula the same way. What we offer here is simply what one fractal artist has been able to see, and what he alone decided he wants to share.

From reader reviews:

George Hinnenkamp:

The actual book Fractal Dimensions: The Digital Art of Eric Hammel, Volume 1 has a lot of information on it. So when you check out this book you can get a lot of profit. The book was written by the very famous author. Tom makes some research previous to write this book. This specific book very easy to read you can get the point easily after looking over this book.

Marisa Carney:

Why? Because this Fractal Dimensions: The Digital Art of Eric Hammel, Volume 1 is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will surprise you with the secret this inside. Reading this book close to it was fantastic author who write the book in such awesome way makes the content inside easier to understand, entertaining means but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this any longer or you going to regret it. This excellent book will give you a lot of benefits than the other book include such as help improving your expertise and your critical thinking technique. So , still want to hold off having that book? If I were being you I will go to the publication store hurriedly.

Mark Miller:

Fractal Dimensions: The Digital Art of Eric Hammel, Volume 1 can be one of your basic books that are good idea. Most of us recommend that straight away because this e-book has good vocabulary that will increase your knowledge in vocab, easy to understand, bit entertaining however delivering the information. The writer giving his/her effort to place every word into satisfaction arrangement in writing Fractal Dimensions: The Digital Art of Eric Hammel, Volume 1 however doesn't forget the main level, giving the reader the hottest and also based confirm resource info that maybe you can be among it. This great information may drawn you into brand new stage of crucial pondering.

Melissa Cox:

As a college student exactly feel bored to be able to reading. If their teacher inquired them to go to the library as well as to make summary for some reserve, they are complained. Just little students that has reading's heart and soul or real their passion. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that reading is not important, boring in addition to can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Fractal Dimensions: The Digital Art of Eric Hammel, Volume 1 can make you really feel more interested to read.
