Reconceptualizing Qualitative Research: Methodologies without Methodology Mirka Koro-Ljungberg
Reconceptualizing Qualitative Research: Methodologies without Methodology calls for qualitative research that is complex, situational, theoretically situated, and yet productive. Author Mirka Koro-Ljungberg challenges ideas about data, research design, and researcher responsibility that are often taken for granted, provoking readers to rethink beliefs, paradigms, processes, and methodological frameworks. Written in a clear, conversational style, the book compels readers to think about qualitative research differently—often in creative ways—and to continuously question existing narratives and dogmas.
