The Magic of Self-Respect: Awakening to your Own Awareness (Authentic Living) Osho

So much of the experience of everyday life, says Osho in this insightful guide, is shaped by religious and social conditioning — and we are not even aware of the fact. We are constantly being pulled away from the unique nature that is our birthright. In place of that original and unique self, a false self called the “ego” is constructed that eventually gains control of our creativity, our ideas about what it means to be successful, our relationships, and our very experience of who we are. At the same time, he argues, the collection of egos known as “society” shapes our political, educational, and religious institutions, which in turn combine to force the same old patterns onto new generations. In this book, Osho shows how to discard these old patterns in favor of a new and nurturing trinity of watchfulness, awareness, and alertness. The bundled DVD lets readers directly experience the insights of this important modern mystic.
