I Am Coyote Geri Vistein

Coyote is three years old when she leaves her family in Algonquin Provincial Park in Ontario and embarks on a 500-mile odyssey eastward in search of a territory of her own and a mate to share it with.

Journeying by night through the dead of winter, she endures extreme cold, hunger, and a harrowing crossing of the St. Lawrence River in Montreal before her cries of loneliness are finally answered in the wilds of Maine. The mate she finds must gnaw off a paw to escape a trap. The first coyotes in the northern U.S., they raise pups (losing several), experience summer plenty, winter hardship, playfulness, and unmistakable love and grief. Blending science and imagination with magical results, this story tells how coyotes may have populated a land desperately in need of a keystone predator, and no one who reads it will doubt the value of their ecological role.

- Told through the eyes of a coyote, this is a riveting story with mythic dimensions.
- A work of creative nonfiction that adheres to the highest standards of wildlife biology.
- With deep insights into wild canine behavior, penetrates the veil of “otherness” that separates us from the animals with whom we share the planet.
- An appendix explores the history and current status of coyotes in North America. Native Americans considered them tricksters, messengers, and companions. Given the disappearance of wolves, they are even more critical to ecosystem health today. The author explains how, without coyotes, prey species are weakened by disease and parasites.
- Geri Vistein speaks extensively about coyote-human interactions to a variety of audiences. She is a nationally recognized expert on the topic and maintains the website CoyoteLivesInMaine.com.
- A QR code in the book takes readers to a hauntingly beautiful recording of coyote song.

From reader reviews:

Sheilah Harvey:

The book I Am Coyote can give more knowledge and also the precise product information about everything you want. Exactly why must we leave a very important thing like a book I Am Coyote? Wide variety you have a different opinion about reserve. But one aim that book can give many information for us. It is absolutely proper. Right now, try to closer using your book. Knowledge or information that you take for that, you are able to give for each other; you are able to share all of these. Book I Am Coyote has simple shape but you know: it has great and big function for you. You can search the enormous world by start and read a reserve. So it is very wonderful.

Homer Smith:

The actual book I Am Coyote has a lot of information on it. So when you read this book you can get a lot of profit. The book was published by the very famous author. The writer makes some research prior to write this book. This specific book very easy to read you will get the point easily after reading this book.

Gena Colgan:

Many people spending their moment by playing outside using friends, fun activity using family or just watching TV all day long. You can have new activity to pay your whole day by reading a book. Ugh, do you think reading a book can definitely hard because you have to accept the book everywhere? It fine you can have the e-book, bringing everywhere you want in your Cell phone. Like I Am Coyote which is keeping the e-book version. So , why not try out this book? Let's see.

Jessica Keith:

As a college student exactly feel bored to help reading. If their teacher inquired them to go to the library as well as to make summary for some e-book, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that studying is not important, boring along with can't see colorful photos on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this I Am Coyote can make you sense more interested to read.
