Plate Number Coil Collectors Club

This chapter contains a comparison of all the 44¢ Star Flag varieties, plus pages featuring stamps from all three printers, Ashton Potter, Avery Dennison and Sennett Security Products. These pages detail all the Technical Details, Die Cuts, Plate Numbers, Back Numbers, Tagging and other Information. In short, a very comprehensive study. At the beginning of 2003, PNC3 began publishing its own catalog of Plate Number Coils. The project is designed to be completed in stages. The loose-leaf format catalog will consist of a number of sections determined by design type or usage (e.g.: service inscribed). Each year a new catalog segment comes out documenting the previous year's new PNCs. Also published regularly are Scott/PNC ID Cross References, a Name Index and a PNC Values List. Early efforts focused on providing information on the latest releases of PNCs along with annual updates of PNC values. In addition to using commonly accepted Scott catalog numbers (under license from Scott Publishing Company), the catalog also assigns unique PNC ID numbers to each discernibly different PNC. This effort is needed because no other catalog publisher distinguishes between many of the collectible varieties of PNCs. This publication comprises a bound color section of the catalog. This is the first permanent chapter that we are making available as a bound color edition. We will be making other out of print issues available in the future. Other available sections will include an Illustrated Glossary, 32¢ Flag over Porch, 37¢, 39¢, 41¢ Flags and CCL / Avery Die Cut Varieties.
