This composite volume centered on the life of Johann Sebastian Bach examines the work of all the members of the Bach family.

Linked by a family tree which clarifies the genealogy of this complex family, each of the major figures is covered in a separate chapter with a review of the composer's life and works, complemented by a thorough work-list, bibliography, and index. The work-lists of J. S., C. P. E., and J. C. Bach have been considerably revised and updated in light of research conducted since the publication of *The New Grove*. In an introductory chapter Christoph Wolff provides a full list of family members, including biographical details, and discusses the family's history.
