Online Collaborative Learning: Theory and Practice

Tim S. Roberts

Online Collaborative Learning: Theory and Practice Tim S. Roberts

Provides a resource for researchers and practitioners in the area of online collaborative learning (also known as CSCL, computer-supported collaborative learning), particularly those working within a tertiary education environment. It includes articles of relevance to those interested in both theory and practice in this area. It attempts to answer such important current questions as: how can groups with shared goals work collaboratively using the new technologies? What problems can be expected, and what are the benefits? In what ways does online group work differ from face-to-face group work? And what implications are there for both educators and students seeking to work in this area?

From reader reviews:

Jared Smith:

The book Online Collaborative Learning: Theory and Practice make you feel enjoy for your spare time. You can utilize to make your capable considerably more increase. Book can to be your best friend when you getting pressure or having big problem using your subject. If you can make looking at a book Online Collaborative Learning: Theory and Practice being your habit, you can get considerably more advantages, like add your capable, increase your knowledge about some or all subjects. You are able to know everything if you like open and read a reserve Online Collaborative Learning: Theory and Practice. Kinds of book are several. It means that, science e-book or encyclopedia or other folks. So , how do you think about this guide?

Samuel Lashley:

A lot of people always spent their very own free time to vacation or go to the outside with them loved ones or their friend. Do you know? Many a lot of people spent these people free time just watching TV, or even playing video games all day long. In order to try to find a new activity honestly, that is look different you can read some sort of book. It is really fun in your case. If you enjoy the book that you just read you can spent all day long to reading a reserve. The book Online Collaborative Learning: Theory and Practice it is extremely good to read. There are a lot of individuals who recommended this book. They were enjoying reading this book. When you did not have enough space to create this book you can buy the actual e-book. You can m0ore very easily to read this book from your smart phone. The price is not too costly but this book features high quality.

Mark Whitten:

Your reading 6th sense will not betray a person, why because this Online Collaborative Learning: Theory and Practice e-book written by well-known writer whose to say well how to make book which can be understand by anyone who also read the book. Written in good manner for you, dripping every ideas and creating skill only for eliminate your hunger then you still hesitation Online Collaborative Learning: Theory and Practice as good book not simply by the cover but also from the content. This is one book that can break don't determine book by its protect, so do you still needing a different sixth sense to pick this specific!?! Oh come on your reading through sixth sense already told you so why you have to listening to yet another sixth sense.

Charles Parker:

This Online Collaborative Learning: Theory and Practice is great reserve for you because the content which is full of information for you who else always deal with world and also have to make decision every minute. That book reveal it information accurately using great coordinate word or we can state no rambling sentences within it. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only offers you straight forward sentences but tough core information with lovely delivering sentences. Having Online Collaborative Learning: Theory and Practice in your hand like having the world in your arm, info in it is not

ridiculous one particular. We can say that no publication that offer you world with ten or fifteen small right but this e-book already do that. So , this can be good reading book. Hello Mr. and Mrs. active do you still doubt in which?
