This four-volume set (CCIS 643, 644, 645, 646) constitutes the refereed proceedings of the 16th Asia Simulation Conference and the First Autumn Simulation Multi-Conference, AsiaSim / SCS AutumnSim 2016, held in Beijing, China, in October 2016.

The 265 revised full papers presented were carefully reviewed and selected from 651 submissions. The papers in this first volume of the set are organized in topical sections on modeling and simulation theory and methodology; model engineering for system of systems; high performance computing and simulation; modeling and simulation for smart city.

### **From reader reviews:**

#### **Amber Orlowski:**

Do you have favorite book? In case you have, what is your favorite's book? Reserve is very important thing for us to know everything in the world. Each e-book has different aim or even goal; it means that book has different type. Some people feel enjoy to spend their a chance to read a book. They may be reading whatever they get because their hobby is actually reading a book. Think about the person who don't like reading a book? Sometime, man feel need book when they found difficult problem or perhaps exercise. Well, probably you will require this Theory, Methodology, Tools and Applications for Modeling and Simulation of Complex Systems: 16th Asia Simulation Conference and SCS Autumn Simulation ... in Computer and Information Science).

#### **Mary Brunner:**

The reason? Because this Theory, Methodology, Tools and Applications for Modeling and Simulation of Complex Systems: 16th Asia Simulation Conference and SCS Autumn Simulation ... in Computer and Information Science) is an unordinary book that the inside of the book waiting for you to snap this but latter it will surprise you with the secret that inside. Reading this book beside it was fantastic author who have write the book in such incredible way makes the content within easier to understand, entertaining approach but still convey the meaning completely. If I ended up you I will go to the publication store hurriedly.

#### **Alexander Pridmore:**

Your reading 6th sense will not betray you, why because this Theory, Methodology, Tools and Applications for Modeling and Simulation of Complex Systems: 16th Asia Simulation Conference and SCS Autumn Simulation ... in Computer and Information Science) e-book written by well-known writer whose to say well how to make book which can be understand by anyone who have read the book. Written in good manner for you, dripping every ideas and producing skill only for eliminate your hunger then you still skepticism Theory, Methodology, Tools and Applications for Modeling and Simulation of Complex Systems: 16th Asia Simulation Conference and SCS Autumn Simulation ... in Computer and Information Science) as good book not merely by the cover but also through the content. This is one guide that can break don't evaluate book by its handle, so do you still needing an additional sixth sense to pick this particular!?! Oh come on your examining sixth sense already said so why you have to listening to yet another sixth sense.

#### **Ann Reiter:**

With this era which is the greater man or woman or who has ability to do something more are more special

than other. Do you want to become among it? It is just simple approach to have that. What you should do is just spending your time almost no but quite enough to enjoy a look at some books. On the list of books in the top record in your reading list is actually Theory, Methodology, Tools and Applications for Modeling and Simulation of Complex Systems: 16th Asia Simulation Conference and SCS Autumn Simulation ... in Computer and Information Science). This book which is qualified as The Hungry Slopes can get you closer in turning into precious person. By looking right up and review this e-book you can get many advantages.
