Building Storage Networks

Marc Farley

Building Storage Networks Marc Farley

Fundamental and Cutting Edge Technologies. Covering fundamental topics such as backup for networks, this book also provides readers with valuable insight into the latest technologies such as Network Attached Storage (NAS), Storage Area Networks (SAN), and High Availability (HA) clustering solutions. Through use of scenarios drawn from real-life requirements, readers are shown how they can solve their data storage issues with these new technologies and products.

The book will contain special elements to further illustrate its contents:

- 16 Page Blueprint section to visually demonstrate the various network storage topologies. These complex network storage configurations will be illustrated with detailed call-outs.
- 12 Case Studies spread throughout the book will describe experiences with various network storage strategies and demonstrate how storage technologies are being used in real corporations.
