Lizards: Husbandry and Reproduction in the Vivarium ; Geckoes, Flap-Footed Lizards, Agamas, Chameleons, and Iguanas Manfred Rogner

This work is part of a two-volume set that provides a guide to all known families of lizards, outlining the geographical distribution along with the natural habitats and lifestyles for each species. Volume One describes geckoes, fin-footed lizards, agamas, chameleons, iguanas, basilisks and anoles. Drawing on the firsthand experiences of herpetological enthusiasts, the book details: husbandry practices for feeding; administering vitamin and mineral supplements; breeding; and setting up, heating, lighting and maintaining vivaria. Descriptions and colour photographs illustrate physical characteristics of the lizards.
