TsunamiPastrami, a complicated conversation, demonstrates that the art of listening and communicating can be quite challenging especially when it involves a conversation between a mouse and a raccoon. In the story Mumbles, a petite mouse, has an enthusiastic attitude positive outlook, and sharing nature. Jumbles, a plump raccoon with a one-track mind, delights in his nocturnal conversations with his newly acquainted mouse. Words get jumbled and mumbled throughout the night. What is the moral of this tale? Are Mumbles and Jumbles communicating? You can be the judge of that!
