Abstract Adventure VII: A Kaleidoscopia Coloring Book: Organiscopic Patterns Kendall Bohn

The Designs in this book are my interpretation of kaleidoscopic images. I do this by repeating curved lines to form shapes into fluid, circular, yet symmetrical patterns to create this book... Organiscopic Patterns. 26 of the 52 designs are what I call "Clones". These Clones are slightly altered from the original drawings, forming another entirely unique perspective to the creative coloring experience. Come Like us on Facebook and share your results!
