British Union Catalogue of Music Periodicals

The aim of this catalogue is to help students, researchers and librarians determine the UK locations of over 2,000 music periodical titles held in public, academic and national libraries. Over 220 libraries in the UK have been surveyed, from St. Austell to Aberdeen, Aberystwyth to Brighton. Each catalogue entry provides detailed information on library holdings, and full bibliographic details of periodical titles, including ISSNs. The main catalogue is preceded by an address list, and by a preface outlining the history of music periodicals in Britain, together with statistical tables.
