Chain mail is one of the hottest jewelry trends out there; add beads and the style positively sizzles. Who could resist? Bestselling author and chain mail expert Dylon Whyte presents his time-tested, time-saving techniques with 26 breathtaking projects, ranging from extremely simple to challenging.

A thorough introduction, illustrated with computer-generated pictures, covers the basic techniques. Then Whyte reveals his patented, perfected beading method: rather than using difficult wire wrapping, he threads the beads directly onto the rings *before* they're fashioned into chain mail. Thirty exciting projects include a delicate Persian patterned anklet, embellished with tiny silver bells; an amethyst opera-length necklace; and silver earrings shaped like inverted peacock feathers, edged with rings and turquoise beads.
