Echoes from the Caves: Qumran and the New Testament (Studies on the Texts of the Desert of Judah)
Florentino García Martínez

In spite of the amount of literature on the relationship between the Dead Sea Scrolls and the New Testament, no consensus among the scholars has emerged as yet on how to explain both the similarities and the differences among the two corpora of religious writings. This volume contains a revised form of the contributions to an experts meeting held at the Catholic University of Leuven on December 2007 dedicated to explore the relationship among the two corpora and to understand both the commonalities and the differences between the two corpora from the perspective of the common ground from which both corpora have developed: the Hebrew Bible."
