Ladder to the Moon Maya Soetoro-Ng

From Maya Soetoro-Ng, sister of President Obama, comes a lyrical story relaying the loving wisdom of their late mother to a young granddaughter she never met.

Little Suhaila wishes she could have known her grandma, who would wrap her arms around the whole world if she could, Mama says. And one night, Suhaila gets her wish when a golden ladder appears at her window, and Grandma Annie invites the girl to come along with her on a magical journey. In a rich and deeply personal narrative, Maya Soetoro-Ng draws inspiration from her mother's love for family, her empathy for others, and her ethic of service to imagine this remarkable meeting. Evoking fantasy and folklore, the story touches on events that have affected people across the world in our time and reaffirms our common humanity. Yuyi Morales's breathtaking artwork illuminates the dreamlike tale, reminding us that loved ones lost are always with us, and that sometimes we need only look at the moon and remember.

From reader reviews:

Joyce Morton:

Nowadays reading books become more than want or need but also work as a life style. This reading addiction give you lot of advantages. The advantages you got of course the knowledge the actual information inside the book this improve your knowledge and information. The info you get based on what kind of book you read, if you want get more knowledge just go with training books but if you want feel happy read one together with theme for entertaining for example comic or novel. The Ladder to the Moon is kind of reserve which is giving the reader unstable experience.

Mamie Shaw:

A lot of people always spent their own free time to vacation or go to the outside with them household or their friend. Are you aware? Many a lot of people spent they free time just watching TV, or playing video games all day long. If you would like try to find a new activity honestly, that is look different you can read any book. It is really fun in your case. If you enjoy the book you read you can spent the whole day to reading a book. The book Ladder to the Moon it is rather good to read. There are a lot of people that recommended this book. They were enjoying reading this book. In case you did not have enough space to deliver this book you can buy often the e-book. You can m0ore quickly to read this book from a smart phone. The price is not to cover but this book provides high quality.

Christina Mundell:

Is it a person who having spare time in that case spend it whole day through watching television programs or just lying on the bed? Do you need something new? This Ladder to the Moon can be the reply, oh how comes? A fresh book you know. You are consequently out of date, spending your extra time by reading in this brand new era is common not a geek activity. So what these ebooks have than the others?

Nettie Powers:

As we know that book is essential thing to add our knowledge for everything. By a guide we can know everything we want. A book is a list of written, printed, illustrated or even blank sheet. Every year was exactly added. This book Ladder to the Moon was filled about science. Spend your spare time to add your knowledge about your scientific disciplines competence. Some people has several feel when they reading the book. If you know how big good thing about a book, you can sense enjoy to read a reserve. In the modern era like at this point, many ways to get book you wanted.
