The Reefs of Taprobane (Blue Planet Trilogy)

Arthur C. Clarke

The Reefs of Taprobane (Blue Planet Trilogy) Arthur C. Clarke

Looking for new underwater worlds to conquer, Arthur Clarke and Mike Wilson followed up their expedition to Australia's Great Barrier Reef (described in *The Coast of Coral*) by exploring the romantic seas surrounding Ceylon. Meetings with dangerous and beautiful marine creatures were only one side of the expedition's activities. Their adventures included the discovery of a 3,000-year-old Hindu temple lying on the ocean bed. Clarke and Wilson lived among the Ceylonese natives, their contact with Europeans virtually limited to the dozen members of the Ceylonese Reefcombers Club, who shared many of their underwater adventures. Clarke and Wilson's experiences provide vivid impressions of old and new Ceylon, one of the key countries of the Far East.
