Global Issues in the Context of Space Jean Kachiga

Global Issues in the Context of Spaces examines globalization using the concept of space to contextualize discussion of global issues. The manuscript uses the concept of space to contextualize global issues because spaces are the theater of human activity. Global issues result from specific dynamics emerging between people and their activities within specific spaces. The growth of population, the increase of human activity, and the usage of new spaces explain the complexity and challenges of global issues today.
