3 Maps in 1! Imported from Rome, this full color tri-fold includes a folded map with three plans, a bound-in guide booklet and a bifold guide called "Roman Walks," all of it in English! The folded map includes three plans: a map of the greater city from the EUR to the south to the Ippodromo di Tor di Quinto to the north (Scale 1:13,500), a map of the province of Rome showing highway access to and from the city (Scale 1:250,000), and a map of the ancient city center (Scale 1:5,300). Each map shows named streets and places of interest, and either symbols or numbers locating places that are described in the guide booklet. "Roman Walks" traces six walks in the most historic areas of Rome. (You could pore over many guidebooks of Rome without finding its essential sites in cogent and coherent illustrations such as these.) On the back of the tri-fold is a handy metro / railway plan with a legend showing how the individual stops and lines are identified on the city maps. Parking lots are also located with a symbol. The entire tri-fold fits easily into a backpack and individual parts can be gently removed to stow in a jacket or jeans pocket for the day.
