Steel Inferno: I Panzer Corps in Normandy Michael Reynolds

Steel Inferno provides a unique insight into the experiences of 1st SS Panzer Corps, one of only two units in the German Army which bore Hitler's name, during their fight against their Allied adversaries in Normandy. This meticulously researched book also explores the origins, formation and organization of the unit, and examines some of their more remarkable achievements during this bitter fight. It also lays to rest the myth that these two remarkable Waffen-SS divisions were annihilated in Normandy. In fact, though the Allies could never forget or forgive the atrocities the Wehrmacht and SS troops committed, many admired the Panzer Corps, and one compared fighting with them to 'fighting with tigers'.
