The Trident Deception Rick Campbell

"Fans of submarine thrillers who are saddened by the demise of Tom Clancy will welcome Campbell's debut."-Publishers Weekly

On a routine patrol, the USS *Kentucky*, a Trident ballistic missile submarine carrying a full complement of nuclear warheads, receives a launch order. What the *Kentucky's* crew does not know is that the order did not come from the U.S. government but from a rogue intelligence group-one with operatives secretly embedded within Western intelligence organizations who are intent on using the *Kentucky* to carry out a devastating agenda.

"Compelling and thrilling, this novel is a must read." -Jack Coughlin, *New York Times* bestselling author of *Shooter* and *Time to Kill*

Iran has completed its first nuclear weapon and, in ten days, will detonate it. The target is Israel. The rogue operatives' plan was to use a false code to send the submarine, which would enable it to destroy Iran before Iran can destroy Israel. But the *Kentucky* is not responding to the recall codes. And time is running out...Now it's up to a senior Navy officer-whose own son is aboard the *Kentucky*-to find, intercept, and neutralize the *Kentucky* before it unleashes a nuclear attack. As the conspiracy slowly unfolds and the deception grows ever deeper, it's up to one man to somehow do the impossible: Save millions of lives-and the fate of the world itself.

"The Trident Deception is a fistfight of a thriller. A masterpiece." -Dalton Fury, former Delta Force and *New York Times* bestselling author of *Kill Bin Laden* and *Tier One Wild*
