## **Just Like Family: Inside the Lives of Nannies, the Parents They Work for, and the Children They Love** Tasha Blaine

When she was in her early thirties, Tasha Blaine briefly became a nanny. She expected an easy, nine-to-five stint, but instead she discovered the vast, varied, and fascinating world of nannies. Often overlooked and invisible, these women have a tremendous impact on the families that hire them.

To tell the true story of this largely unknown world of career nannies, Blaine immersed herself in the lives of three women. We meet Claudia, who left the Caribbean to become a nanny in New York and is struggling to support her own child she left behind. We get to know Vivian, a young, white, college-educated woman from Boston, who wins a Nanny of the Year award even as she absorbs the painful truth that her role in the family is shrinking as her charges grow up. And we witness the struggles of Kim, a dedicated Texas nanny who dreams of having her own family as she moves in with a couple expecting their first baby. *Just Like Family* exposes the fears and fantasies we have about nannies and takes us deep inside the real world of women whose job it is to care for someone else's children as their own.
