## **A Compact Guide to Fireworks 4** Thomas Niemann

An introduction to Macromedia Fireworks, software for making web graphics. Special care is taken in the beginning to orient newcomers to the Fireworks environment. There is light coverage for topics that are easy-to-understand, and in-depth coverage for difficult material. For example, you will learn how to apply Levels and Curves to improve image quality. Nested symbols are demonstrated, and the reason they work is explained in an easy-to-read style. Because of the approach taken, you will learn and retain more information in a shorter period of time. The publisher is ePaperPress. Preview selected chapters, in press-ready PDF format, at the publisher's web site.
