Foot Acupuncture Therapy Zhao Xin

The foot acupuncture therapy as a treatment with acupuncture and moxibustion applied to foot for general diseases of the body was in vogue in recent years. The function of foot is to walk and to support body weight and it is closely related to internal organs, meridians, qi and blood. The acupoints of 14 meridians and extra acupoints discovered in past successive dynasties and the effective spots developed in modern times are distributed on the foot. In this book the acupoints and their usage for diseases of different medical branches were discussed in detail as a reference for clinical application of acupuncture physicians and amateurs.
