Excerpt from Productive Costs in Cotton Spinning Mills

It is an endeavour to evolve, from the divers methods of costing which are practised in the trade to-day, a complete system of cotton yarn costing, which shall on the one side be sound from an accountancy point of View, having its basis in the account books of the concern and on the other be sufficiently practical to take into consideration all the details and problems of the processes of manufacture, so far as they affect the cost of the product.
