Have you ever woken up and wondered why you dream what you dream? Well Linda Brown deals with that on a daily basis. Her dreams feel so real that she has a hard time knowing what's reality and what's a dream, until her dreams begin telling a story. She begins to notice that she is seeing things in her dreams before they happen in real life. She can now use her dreams to predict the future and tell when and where crimes are going to be committed. She begins to work with the FBI on solving cases. She lives an average life working at her own coffee shop until her dreams begin to become a real life nightmare. A man and his crew consistently show up in her dreams and in the cases she is involved with. This man has been after Linda for a while and becomes obsessed with her. When she can't see him coming, he attacks at the right moment. It is up to Linda and her new husband to fight this guy before Linda and her family are subject to murder, like she sees in her dreams.
