The critically acclaimed urban fantasy about a secret team of agents that hunts down dangerous books containing deadly magic—previously released serially online by Serial Box, now available in print for the first time!

Magic is real, and hungry. It's trapped in ancient texts and artifacts, and only a few who discover it survive to fight back. Detective Sal Brooks is a survivor. She joins a Vatican-backed black-ops anti-magic squad—Team Three of the Societas Librorum Occultorum—and together they stand between humanity and the magical apocalypse. Some call them the Bookburners. They don't like the label.

Supernatural meets *The Da Vinci Code* in a fast-paced, kickass character driven novel chock-full of magic, mystery, and mayhem, written collaboratively by a team of some of the best writers working in fantasy.
