I just held him for hours, trying to calm him down. As I held him, I could only pray to ask God to help me because I didn't know what was happening. I never expected for him to react this way to the voices in his head because he referred to the voices as his friends and he had once told me that he didn't want them to go away. This is the heartfelt true story of a woman who vowed to provide the best life possible for her precious son Kevin. When Kevin was five years old, he was diagnosed with ADHD and at the age of nine he was diagnosed with paranoid schizophrenia. Throughout the many struggles of being a single mother of four, her strength came from her personal relationship with God and unconditional love for her son. You'll be amazed with Sunnie's calm approach and invaluable insight into Kevin's world.
