"Very intricate plotting and impressive character development." -K.L. Roberts

"The tension built in the last third of the book just about gave me heart palpitations." -C.E. Crowne

On Starship *Cornelia*, Catherine and the crew are recovering from the Korvali clone attack that left two dead and sent 14 to sick bay. The Space Corps wants revenge, the Alliance wants to keep the peace, but Eshel has another idea that seems to fall upon deaf ears. To protect everyone, the Corps sends Eshel to hide among the Sunai. However, Eshel doesn't go to Suna... he goes to Korvalis along with Ashan, on a secret mission that only Captain Ferguson, Commander Yamamoto, and Grono Amsala know about....

The Forbidden Planet, the final book of the Korvali Chronicles trilogy, takes us to Korvalis, a planet with vast oceans, pristine forests, and a people who are highly intelligent but who have shunned outsiders for centuries. But among them is the vokalis, the multi-clan faction of rebels who seek to overthrow the corrupt leadership and who've begun plotting now that Eshel and Ashan have returned. As the conflict on Korvalis escalates, Eshel, the vokalis, and their non-Korvali allies experience setbacks and betrayals, culminating in a large-scale battle of wits worthy of only the Korvali. And once beyond the point of no return, Eshel, Catherine, and the others must face the sacrifices that come with revolution.
