Collier's World Atlas and Gazetteer p f collier

This vintage Atlas contains an exhaustive number of maps from around the world and beyond with information and analysis of physical and commercial information as well as information on population statistics, rivers, railroads, physical and physical features of the United States and countries around the world. Included is a list of presidents and the electoral vote, chief airways of the US and Canada, States, their capitals and order and date of entering the Union. Covered in dark green, leatherbound boards, the Atlas also includes a Star map of the constellations. There are economic maps of the United States showing the value of everything from forest products to farm animals to petroleum and gas fields and more. With over 100 full-page color maps, this beautiful Atlas provides a glimpse back in time as we return to the world as it was in 1942. A must-have for any serious collector's reference bookshelf.
