The 1990s saw numerous actors break onto the scene in the movie industry and achieve great fame, while others received only little, if any, recognition. The 1990s also had blockbuster films that were not to be forgotten as well as bombs that were. This filmography, of course, has them all, good and bad. From Abilene to Zooman, over 3,000 feature-length English language films released between January 1, 1990, and December 31, 1999, are presented. Each entry has alternate titles, running time, detailed cast and production credits, a synopsis, often including critical comments, and Academy Award nominees and winners.
