Third Millennium Bible: New Authorized Version Third Millennium Bible Publishers

The Third Millennium Bible (TMB) is neither a new translation nor a revision, but an accurate updating of the 1611 King James Version. The Third Millennium Bible comprises all the books contained in the A.D. 1611 KJV including the Old Testament, The New Testament, and the Apocrypha. While easier to read and understand than the KJV, it preserves the traditional biblical language and sacred message of its historic predecessor. Biblical English is distinctive and can be recognized immediately as the Word of God, unlike the colloquial language used in most contemporary versions copyrighted during the last fifty years.
