## **Fine Art Photoshop: Diving Into the World of Photographic Art**

Award-winning photographer and accomplished instructor Ella Putney Carlson provides a comprehensive guide to using photographs to make art using the Photoshop software. Readers will learn the creative process of making art that can be used with most raster graphics editing software. Readers will learn how to transform initial image captures into a series of art work— in addition to specific transformative techniques and constructive concepts that help build unique images.

Carlson reveals and details the inspiration for image series, how new images are assembled from original captures, layer mode techniques, and painting-layers-in methods. In addition, she covers piecing image selections, maintaining lighting consistency, delight and worth of artistic series, and much more.
