Bank On Yourself: The Life-Changing Secret to Growing and Protecting Your Financial Future reveals the secrets to taking back control of your financial future that Wall Street, banks, and credit card companies *don't* want you to know. You'll discover how to:

- Have a rock-solid financial plan and a predictable retirement income that can last as long as you do – with *no* luck, skill, or guesswork required
- Turn your back on the stomach-churning twists and turns of the stock and real estate markets
- Get back *every* penny you pay for your cars, vacations, home repairs, business equipment, a college education, and other major purchases, so you can enjoy more of life's luxuries today *without* robbing your nest-egg! (The average family could increase their lifetime wealth by \$500,000 to \$1,000,000 or more using this method, without the risk or volatility of stocks and real estate)
- Become your own source of financing and recapture the interest you pay to banks and finance companies – reduce or eliminate the control those institutions have over you

Can you imagine what it would be like to look forward to opening your account statements because they *always* have good news and never any ugly surprises?

More than 100,000 Americans of all ages, incomes, and backgrounds are already using Bank On Yourself to grow a nest-egg they can predict and count on, even when stocks, real estate, and other investments tumble. You'll meet some of them and hear their stories of how *Bank On Yourself* has helped them reach a wide variety of short-term and long-term personal and financial goals and dreams in this book.
