Forms Liberate: Reclaiming the Jurisprudence of Lon L Fuller Kristen Rundle

Lon L. Fuller's account of what he termed 'the internal morality of law' is widely accepted as the classic 20th-century statement of the principles of the rule of law. What is much less accepted is his claim that a necessary connection between law and morality manifests in these principles. As a result, Fuller's jurisprudence continues to occupy a marginal place in a field dominated by H.L.A. Hart's legal positivism and Ronald Dworkin's interpretive theory of adjudication. *Forms Liberate* - now available in paperback - offers a close textual analysis of Fuller's published writings and working papers to dispute this prevailing assessment of his contribution. Fuller's claims about law and morality belong to a wider exploration of the ways in which the form of law introduces meaningful limits to lawgiving power through its connection to human agency. By reading Fuller on his own terms, *Forms Liberate* demonstrates why his challenge to a purely instrumental conception of law remains salient for 21st-century legal scholarship. *Forms Liberate: Reclaiming the Jurisprudence of Lon L. Fuller* won the second prize in the Society of Legal Scholars Birks Prize for Outstanding Legal Scholarship, 2012
