This text provides a guide to creating mosaics using materials ranging from china, glass and tiles, to paper and egg shells. The ten projects use clear diagrams and step-by-step instructions to demonstrate how to achieve elaborate mosaic pieces. Practical applications include a table top covered with a floral tiled pattern, vases decorated with plastic jewel mosaics, a lamp decorated with stones and shells and a desk set made from broken egg shells, made to look like leather. In addition, there are ideas for simple mock mosaic effects.
