Are you interested in Yellowstone or planning a trip to the park? If so, you'll love Yellowstone National Park for Kids, Preteens, and Teenagers. Inside this detailed travel guide geared toward children, you'll learn all you need to know about America's first national park. For example, did you know that: Yellowstone was discovered by John Colter in the early 1800s but for over fifty years, most Americans did not believe the reports of steaming hot springs and bubbling mudpots? Yellowstone is one of the world's biggest active volcanoes? The hot underground magma is what causes the geysers to erupt and when you visit Yellowstone you actually go inside the volcanic caldera. Both black bears and grizzly bears can be found in Yellowstone and they are omnivorous which means they eat both plants and animals? Old Faithful erupts about every ninety minutes to heights of over one hundred feet? Early visitors to Yellowstone used to catch fish in Yellowstone Lake then dip them into Fishing Cone Geyser to cook them? Yellowstone National Park for Kids, Preteens, and Teenagers includes easy-to-read descriptions, photographs, and diagrams of the park's wildlife, history, and geology and it highlights some of the best hikes and attractions for children visiting Yellowstone. It also includes several Yellowstone themed word games and puzzles, an animal checklist, and a packing list geared toward children, preteens, and teenagers. Even parents and other adults will benefit from this entertaining and educational book. Please visit us on the web at [www.grandeguides.com](http://www.grandeguides.com).

#### **Jeremy Windham:**

As a student exactly feel bored to reading. If their teacher requested them to go to the library in order to make a summary for some reserve, they are complained. Just small students that has reading's heart or real their pastime. They just do what the teacher wants, like asked to the library. They go to there but nothing reading critically. Any students feel that reading is not important, boring and can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this age, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Yellowstone National Park for Kids, Preteens, and Teenagers: A Grande Guides Series Book for Children can make you feel more interested to read.

#### **Lorene Lord:**

Reading a book makes you to get more knowledge from it. You can take knowledge and information from your book. Book is created or printed or highlighted from each source which filled with update of news. On this modern era like right now, many ways to get information are available for anyone.
