**Moods of Future Joys: Around the World by Bike Part One: From England to South Africa** Alastair Humphreys

An updated edition including new color photographs and a new afterword looking back at the journey Alastair Humphreys' around-the-world journey of 46,000 miles was an old-fashioned adventure: long, lonely, low-budget, and spontaneous. Cycling across five continents and sailing over the oceans, his ride took four years to complete, on a tiny budget of hoarded student loans. Here is the story of the first remarkable stage of the expedition. Just two weeks into the ride the September 11th attacks changed everything. All Humphreys' plans went out the window and, instead of riding towards Australia, he suddenly found himself pedaling through the Middle East and Africa and on toward Cape Town. This book recounts an epic journey that succeeded through Humphreys' trust in the kindness of strangers, at a time where the interactions of our global community are more confused and troubled than ever.
