The Quest for Health Reform: A Satirical History Georges C. Benjamin, MD, Theodore M. Brown, PhD, Susan Ladwig, MPH, Elyse Berkman

The Quest for Health Reform: A Satirical History brings together two American political traditions - editorial cartooning as a medium for trenchant contemporary commentary and the long-standing effort to achieve universal national health reform. As early as the nineteenth century, caricatures and cartoons parodied the leading personalities and institutions in American politics. This book focuses on national health reform as told through the vision of popular editorial cartoonists.
